

# thaakat foundation

**Thaakat Foundation** is a 501 c (3) non-profit organization, aiming to empower, inspire and promote charitable giving and volunteer work among students and young professionals, while pushing for curiosity and care of global society. We transcend cultural and religious boundaries to create a network of individuals that looks to this organization as a project of their own; where no matter your race or creed, you are united with a group of people that share a similar desire to help.

Globally, we organize self-sustainable relief projects for underprivileged communities worldwide (Pakistan, Sierra Leone, Ghana), aiming to assist those whose needs often go unnoticed as they live in small, overlooked communities. Locally, we work in spreading active volunteerism and social awareness across our diverse communities nationwide.

for the  
love of humanity

## Dreams for Kachra Kundi

Miles away from the city of Karachi, a small garbage dump site is home to 300 families. This site is called Kachra Kundi, located in the outskirts nearly 50 miles away from Karachi. In partnership with Idara Al Khair, we built a free school for students who live amidst this burning garbage.

Many in the village earn their livelihood from collecting waste and reselling it to recycling centers. Not only are the residents of Kachra Kundi deprived of civic facilities like electricity and clean water, but there had previously been zero access to education.

Our goal is to continue to progress the educational facility we built here in 2012 which is now serving for 450 students (40% girls). The school which is minutes away from their village, is an area free from disease and garbage.

In 2014 we have launched construction of 12 more classrooms.

# 2014 Budget

## Current Monthly Costs

- ❑ \$2200- total monthly salary for 16 teachers
- ❑ \$1000- monthly cost for food stipends for students

## Current Yearly Costs
